This report was part of the annual Healthy Forest Report from 2006-2009.

Forest Service and DOI acres in the 'Fire' columns include both Prescribed Fire and "Fire Use" acres.

For FY2006-2009, the Forest Service numbers included hazardous fuel activities, non-national fire plan activities, and fire use.

For FY2006-2009, the DOI numbers only included hazardous fuel activities.

From FY2013 forward, both DOI and Forest Service report the same data (hazardous fuel activities, non-national fire plan activities, and fire use).

Forest Service acres include Recovery Act funded treatments in FY 2009 & 2010.

Forest Service SFA planned grant acres are counted as Rx Fire and Mechanical treatments in the WUI.
